

Training Course

Mobile Refrigerant Handling Certification (F-GAS)

Dates: Thursday. 18th February 2016 - 1 day course

Friday. 19th February 2016 - 1 day course

The Course Topics

- F-Gas certification training in accordance with EU Regulation 307/2008, Article 3, Section 2. (Legal Requirement)
- Introduction to refrigeration and how it works.
- Function of the different components in an air conditioning system.
- HSE regulations.
- Rules surrounding refrigerant handling and A/C system maintenance
- Accident prevention.
- Individual practical and theory assessments.

The Course Aims to

- Provide delegates with a sound basic knowledge of the legislation surrounding F-Gases.
- Highlight health and safety issues and show what precautions need to be taken when handling refrigerant.
- Test the delegates ability to recover, test and recharge a mobile air conditioning system.
- Give an overview regarding the 1234YF Legislation
